I decided to turn the post-it example into an iPhone prototype.

I changed the paper prototype to add a return button to the touch me landing page because the dead end left the user wondering what to do next.

Start

Touch Me

Don't Touch Me

Touch Me

Don't Touch Me

ABC 3G   10:21 AM

⦿ option 1 (selected)
○ option 2
○ option 3
○ option 3 (disabled)
⦿ option 4
   (disabled and selected)
A row without a radio button
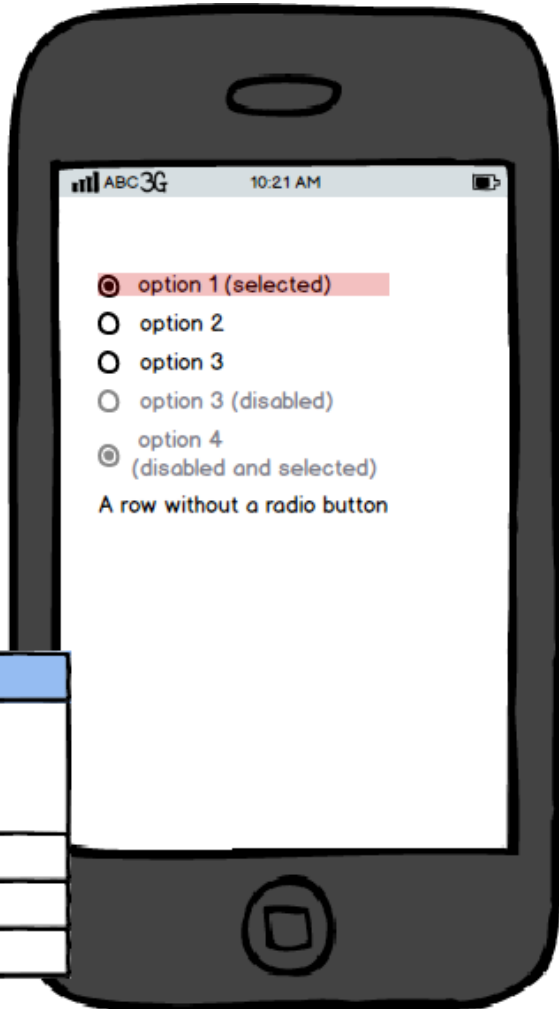

Great Job User!
